

## DigitMobil 3

### Your ideal travelling companion

The DigitMobil 3 keeps you up to date at all times while you are travelling. The unit includes an integrated DVB-T receiver with outstanding reception specifications in both the VHF and UHF bands, as well as a 3" display with extremely high resolution. Thanks to the use of the very latest rechargeable power pack technology, the unit is extremely compact while providing tremendous performance over a long period, is lightweight and will basically fit into any trouser or jacket pocket.

Accessories included in the package as standard comprise headphones, mains adapter (230 Volt), A/V cable, credit-card-sized remote control, 12 Volt connection cable (for use in a car, camper, caravan, mobile home) external antenna and case.

Article-No.: 0000/4912
